# Current Programs: Energy Info Center

## Home Energy Guide

your source for keeping your home comfortable, safe, durable, and efficient

# Current Programs: Combined Application

## 2024-2025 MINNESOTA ENERGY PROGRAMS APPLICATION

The Minnesota Energy Programs Application is available in Hmong, Somali, Spanish, Vietnamese, or in large print from your Service Provider or online at [mn.gov/home](https://mn.gov/home)

### This application is used to apply for these programs:

- Energy Assistance Program (EAP)
- Weatherization Assistance Program (WAP)
- Conservation Improvement Program (CIP)

## Part 5. Consent and Signature for October 1, 2024 to September 30, 2025

1. I give my consent for my heating and electric companies to give data about my account and energy use to the Minnesota Department of Commerce (Commerce) and Commerce's contractors for the Energy Assistance Program (EAP), the Weatherization Assistance Program (WAP) and the Conservation Improvement Program (CIP).
2. I authorize the Social Security Administration, the Minnesota Department of Human Services and its affiliated agencies, and the Minnesota Department of Employment and Economic Development to share data concerning my Social Security Number, public benefits received, and income within the last year for eligibility for benefits with Commerce and Commerce's contractors for EAP, WAP and CIP.
3. I authorize Commerce to share data about my EAP eligibility with other Commerce energy programs for which I might be eligible, including, but not limited to, Inflation Reduction Act Home Energy Rebates, Minnesota Heat Pump Rebates, Minnesota Electrical Panel Grants.
